

12" TS008 EXTERNAL LETTERPLATES

For 44-70mm Door Profiles

TS008 has come in to effect that sets the advanced security requirements of letterplates. The updated door standard PAS24:2016, now requires that a door fitted with a letterplate has to have a letterplate that is tested to and meets the requirements of TS008. As well as covering key fishing, TS008 also covers preventing being able to unlock the door through the letterplate, whilst also allowing postal items to pass freely through it.

ANTI SNAP FLAP

ANTI VANDAL

ANTI BURGLAR

Features Include:

Available in standard and heavy duty versions

Designed for 44-70mm thick composite and wooden doors

Outward facing brushes create the Anti-Vandal feature as it prevents vandals from placing unwanted items into the cavity

Outwards facing brushes also means better draught proofing and makes it easier to post letters through

180 degree opening flap means the flap will not snap off when opened too far

Blind bolts to the exterior of the letterplate prevents the outer frame being unscrewed from the door externally

An internal water seal prevents water getting into the door or panel, and stops letters getting wet

Ultra-flexible springs can withstand the letterbox flap opening thousands of times without breaking

Finishes	Internal Frame Code*	External Frame Code	Material Construction	Coating Guarantee
Gold Anodised	TS008-INTERNAL-GOLD	TS008-EXTERNAL-GOLD	Aluminium, Steel, Plastic	5 Years Inland
