## FAS65-90 Door Brush Seal

### 90° Right-angled Brush Seal

A discreet, surface-mounted solution designed for fixing beneath doors for gaps that require a clean, minimal finish. The FAS65-90 offers a refined, low-profile design that sits neatly out of sight while delivering reliable sealing performance.

### Features & Benefits

- ✓ 1000 and 2000mm lengths
- ✓ Supplied brush heights of 15mm or 25mm
- ✓ Construction colour: silver and black
- ✓ Durable aluminium extrusion with polypropylene brush
- ✓ Supplied with pre-drilled holes and screws for easy installation
- ✓ Easy to cut to any desired length
- ✓ Built-in brush can be drawn out for easy cleaning
- ✓ Suitable for hinged, sliding and garage doors
- ✓ For installation to the underneath door edge

**FAS60 Brushes** are available in heights of 38mm and 50mm which are sold separately.

### Areas of Application

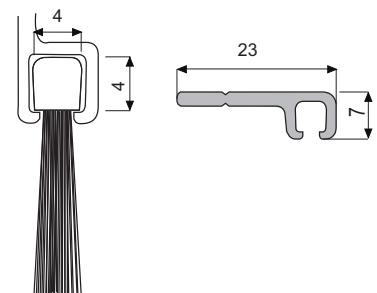

- ✓ Timber, composite and metal doors
- ✓ Sliding doors, garage doors & screens
- ✓ Domestic, industrial and commercial

### Packaging

Each product will be fully assembled with the relevant brush seal.
